Debdyut Hajra

Driving Seamless Payment Experiences ☁️# Technical Product
Owner @Delta Air Lines➔#
Bengaluru, Karnataka, India

Summary

Technical Product Engineer / Technical Product Owner at Delta Air
Lines

Specializing in Enterprise Payments Gateway solutions, I blend
technical depth with product management to deliver impactful
payment integrations. Experience working with payment integrations
with the likes of Cardinal, Elavon, Visa, and Amex, etc.

Key Skills & Expertise

Payments Integration: Credit card payments, alternative forms of
payments, global payments

API Integration: Swagger, REST APIs, OAuth tokens

Product Leadership: Leading 2 Agile scrum teams for seamless
payment solutions

Cross-functional Collaboration: Working with 10+ portfolios (web,
mobile, reservations, backend)

Key Achievements

Led Amex Connectivity and Visanet Integration with payment
gateway

☁️# Modernized and migrated Delta's payment engine to AWS

Integrated solutions with multiple vendors, improving efficiency and
scalability

What Sets Me Apart

Developer-turned-Product Leader: Empathetic to tech teams,
balancing dev needs and business goals

Analytical Problem Solver: Delivering incremental milestones for
smooth product rollouts

✍️# Effective Communicator: Strong in technical writing and clear
product documentation

Mentorship & Volunteering

Mentor at NITI Aayog & Intel Unnati Workshops (mentored 200+ students in 2024)

Active volunteer in Delta CSR initiatives, driving positive community impact

Career Focus

Looking for new Product Management opportunities to expand my impact in payments and cross-functional leadership.

Let's Connect!

Open to discussions on payments, product management, and mentorship. Feel free to reach out!
